

CCSi VoIP now integrates with Microsoft Teams.

Phone : (630) 241-0600

sales@ccscomm.com

Communicate with anyone, even non-Teams users.

This unified solution allows you to work from anywhere, while leveraging your favorite CCSi VoIP features. With the addition of a dial pad, the Teams platform remains familiar, leaving minimal change to the user experience. Call directly and click-to-dial current Team members, non-Team members, extension-to-extension dialing, external calls, and various methods of call transferring.

CCSi VoIP

Keep all existing numbers and configurations of your current phone system without number porting.

Chat

Conversations in chat reduces a cluttered email inbox. Chat in real time with read messages, gifs, reactions and more.

Mobile Business

Compatible with numerous apps and devices, so you can take your team with you wherever you go.

Video Conference

Host meetings with anyone inside or outside of your organization, from 1:1 to a 10,000 person live stream.

File Collaboration

Open, share and edit Word, Excel, and PowerPoint documents in real time through groups and chats.

Integration

Add, build and integrate your existing apps to expand the functionality of CCSi VoIP and Teams even further.

Make the most of your Office 365 investment.
